

Mighty Food Farm

Pownal, Vermont

Mighty Food Farm is a Vermont Certified Organic Farm located in Pownal, Vermont. It is owned and operated by Lisa MacDougall, a graduate of the agricultural program at the University of Massachusetts. Lisa's operation is a mixed vegetable, herb, flower, and bedding farm. She operates a CSA, actively participates in the Bennington and Dorset Farmer's Markets, and is a member of the Northeast Organic Farming Association (NOFA). Mighty Food Farm began providing organic and natural produce to Wild Oats Market in 2007, its first year in operation.

Mighty Food Farm provides us with Italian parsley, rainbow chard, green and red cabbage, lacinato kale, red potatoes, red peppers, strawberries, heirloom, Brandywine, and red cherry tomatoes, and more. We celebrate the arrival of their new organic farm and the wonderful produce they bring to us.
